### VERSE 1

**Bb**  
Been around the world seen a hundred places  
**Ab**  
Lots of different dives and so many faces  
**Eb**  
But yours is the one that I can't replace  
**Bb**  
your love is one of a kind  
**Bb**  
Most good girls like sophistication  
**Ab**  
a three piece suit and a world designation  
**Eb**  
there's something about your sweet side baby  
**Bb**  
your roads are driving me wild

### CHORUS

**Bb**  
Boy you're giving me cavities  
**Ab**  
your love's so sweet and you know what I need  
**Eb**  
I gotta see a dentist one of these days  
**Bb**  
cuz your love is giving me cavities X2

Cavities! Hey! Eyy-ehh-eehhh!

### VERSE 2

Been around the block and I meant the baker  
Gotta a little love from the cake decorator  
but you've been blowing my candles out  
you're makin' me scream, makin' me shout  
  
I bought a whole box of your candy bars  
got caught with my mitts in your cookie jar  
I had one bite but I can't find peace  
I need to know what's your recipe?

### CHORUS

**Bb**  
Boy you're giving me cavities  
**Ab**  
your love's so sweet and you know what I need  
**Eb**  
I gotta see a dentist one of these days  
**Bb**  
cuz your love is giving me cavities X2

Cavities! Hey! Eyy-ehh-eehhh!

### VERSE 3

The farmer gonna farm that sugar cane, baby  
fruit picker gonna pick peaches all day  
And I'm gonna sit in the shade of your tree  
anything you got baby give it to me

**Bb**  
Boy you're giving me cavities  
**Ab**
